## 1. INTRODUCTION

These instructions are for installing the template and associated modules, with or without the sample data included.

The sample data is very helpful and enables you to setup the template correctly (exactly the same as the demo). If you have data already that you would like to keep do NOT install the sample data. Follow the setup instructions below.

The IT Motion template package contains the following zip files.

- IT Motion Template
- IT Motion Sample Data
- IceSlideShow Module
- IceSlider Module
- IceAccordion Module
- IceScroller Module

---

## 2. INSTALLING IT MOTION TEMPLATE IN JOOMLA 1.5.X

- a. Download the IT Motion all-in-one template package  
(*IceTheme IT Motion Template package Download*)
- b. Install the IT Motion Template zip file from within this package.
- c. Download and install the following IT Motion IceTheme modules
  - i. IceSlideShow Module
  - ii. IceSlider Module
  - iii. IceAccordion Module
  - iv. IceScroller module
- d. Make the IT Motion template the default template within Joomla Template Manager

---

### 3. SETTING UP IT MOTION **WITH** THE SAMPLE DATA

- a. Copy the folder from within *IT Motion Sample Data* into your Joomla root directory
- b. Import the sample data (sample\_data.sql) into your database

**Important:** Installing the sample data will delete any existing data. Do NOT install if you have existing data that you want to keep. Please consult the section 'Setting up IT Motion without Sample Data'

You can login to the Joomla administration panel with:

username: admin

password: icetheme

(you can change this within the administration panel)

---

### 4. SETTING UP IT MOTION **WITHOUT** THE SAMPLE DATA

- a. Copy the *images* folder from within the *IT Motion Sample Data folder* into your Joomla root directory
- b. Setup the menu and module parameters using the section below to help you

---

### 5. SETUP OF THE IT MOTION MENUS AND MODULES

The following guide is based on the setup of the IceTheme modules as seen in the demo at [demo.icetheme.com](http://demo.icetheme.com).

#### MAIN MENU (WITH DROP-DOWN FEATURE)

- a. The Position of the Main Menu is *mainmenu*.
- b. The following show the module settings for **Menu Style** and **Always show sub-menu items**:

**Parameters**

<b>▼ Module Parameters</b>	
Menu Name	mainmenu
Menu Style	List
Start Level	0
End Level	0
Always show sub-menu Items	<input type="radio"/> No <input checked="" type="radio"/> Yes
Target Position	
<b>► Advanced Parameters</b>	
<b>► Other Parameters</b>	

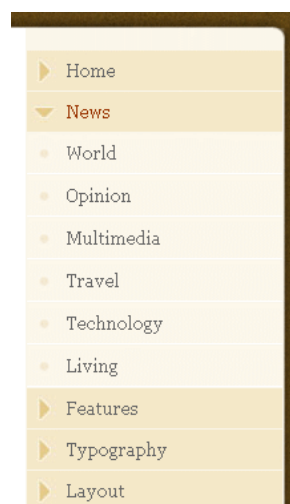

- c. In **Advanced Parameters**, change the **Menu Class Suffix** to *-nav* and **Menu Tag ID** to *mainmenu*:

**Parameters**

<b>► Module Parameters</b>	
<b>▼ Advanced Parameters</b>	
Show Whitespace	No
Caching	Use Global
Menu Tag ID	mainmenu
Menu Class Suffix	-nav
Module Class Suffix	
Maximum Menu Depth	10
<b>► Other Parameters</b>	

**Please note:** For correct appearance (to keep the menu on one line), limit the number of main menu options to not more than 7.

## VERTICAL MENU (RIGHT SIDE)

**Note:** This menu must be in position *othermenu* to function as in the demo.

- a. The following **Module Parameters** show menu setup used in the demo:

**Parameters**

▼ **Module Parameters**

Menu Name	othermenu
Menu Style	List
Start Level	0
End Level	0
Always show sub-menu Items	<input type="radio"/> No <input checked="" type="radio"/> Yes
Target Position	

► **Advanced Parameters**

► **Other Parameters**

- b. The **Menu** settings should be setup in the following way:

**Menu Item Manager: [othermenu]**

Menus Default Publish Unpublish Move Copy Trash Edit New Help

Filter:  Go Reset Max Levels: 10 - Select State -

#	<input type="checkbox"/>	Menu Item	Default	Published	Order	Access Level	Type	ItemID
1	<input type="checkbox"/>	Home		✓	1	Public	Articles » Front Page	150
2	<input type="checkbox"/>	News		✓	2	Public	Articles » Section / Blog	152
3	<input type="checkbox"/>	↳ World		✓	1	Public	Articles » Category / Blog	153
4	<input type="checkbox"/>	↳ Opinion		✓	2	Public	Articles » Category / Blog	154
5	<input type="checkbox"/>	↳ Multimedia		✓	3	Public	Articles » Category / Blog	155
6	<input type="checkbox"/>	↳ Travel		✓	4	Public	Articles » Category / Blog	156
7	<input type="checkbox"/>	↳ Technology		✓	5	Public	Articles » Category / Blog	157
8	<input type="checkbox"/>	↳ Living		✓	6	Public	Articles » Category / Blog	158
9	<input type="checkbox"/>	Features		✓	3	Public	Articles » Article	148
10	<input type="checkbox"/>	↳ Dummy Item		✓	1	Public	Url	160
11	<input type="checkbox"/>	↳ Dummy Item		✓	2	Public	Url	161
12	<input type="checkbox"/>	↳ Dummy Item		✓	6	Public	Url	170

## ICESLIDESHOW MODULE

- a. The following **Module Parameters** show the demo setup using **Articles** from the **Article Category** *Ice Slide Show*

**Parameters**

▼ Module Parameters	
SlideShow Width (px)	565
SlideShow Height (px)	200
SlideShow Pictures Width (px)	384
SlideShow List Width (px)	181
SlideShow List Height (px)	180
<hr/>	
Category Items	IceTheme/IceSlideShow ▼
Article Ordering	Article Order ▼
Number of Items	5
<hr/>	
Module Class Suffix	
▶ Advanced Parameters	

**Note:** The **Category Item** must be an active category that contains at least one active article.

- c. Each section (option) of the IceSlideShow module is a different article. This enables you to combine a group of articles in one module. The articles must all be within the same **Article Category**.

(The position of this module on the demo at demo.icetheme.com is *iceslideshow*)

## ICESLIDER (CAROUSEL SLIDE) MODULE

- a. The following **Module Parameters** show the demo setup using **Articles** from the **Article Category** *IceSlider (CarouselSlide)*:

**Parameters**

▼ Module Parameters	
IceSlider Layout	Carousel Slide ▼
Slider Width (px)	370
Slider Height (px)	175
Animation Duration (ms)	1000
Animation Interval	5500
Transition Effect	Cubic.easeOut ▼
AutoPlay	No ▼
On MouseOver Behaviour	Mouse Click ▼
Total Images	1,2,3,4
<hr/>	
Category Items	IceTheme/IceSlider ( CarouselSlide ) ▼
Article Ordering	Article Order ▼
Number of Items	4
<hr/>	
Module Class Suffix	
▶ Advanced Parameters	

**Note:** The **Category Item** must be an active category that contains at least one active article.

(The position of this module on the demo at demo.icetheme.com is *CarouseISlide*)

## ICESLIDER (TABS) MODULE

- b. The following **Module Parameters** show the demo setup using **Articles** from the **Article Category** *IceSlider (Tabs)*:

**Parameters**

▼ <b>Module Parameters</b>	
IceSlider Layout	Tabs (default) ▼
Slider Width (px)	546
Slider Height (px)	185
Animation Duration (ms)	1500
Animation Interval	4000
Transition Effect	Back.easeOut ▼
AutoPlay	No ▼
On MouseOver Behaviour	Mouse Click ▼
Total Images	1,2,3
<hr/>	
Category Items	IceTheme/IceSlider (Tabs) ▼
Article Ordering	Article Order ▼
Number of Items	4
<hr/>	
Module Class Suffix	
▶ <b>Advanced Parameters</b>	

**Note:** The **Category Item** must be an active category that contains at least one active article.

(The position of this module on the demo at demo.icetheme.com is *iceslider*)

## ICESCROLLER MODULE

- a. The following **Module Parameters** show the demo setup using **Articles** from the **Article Category** *Ice Scroller*:

**Parameters**

▼ <b>Module Parameters</b>	
Scroller Width (px)	600
Scroller Height (px)	20
Animation Duration (ms)	3000
Animation Delay (ms)	7000
Animation Interval	3000
Transition Effect	Back.easeOut ▼
AutoPlay	Yes ▼
Scroller Direction	Horizontal ▼
<hr/>	
Category Items	IceTheme/IceScroller ▼
Article Ordering	Article Order ▼
Number of Items	4
<hr/>	
Module Class Suffix	
► <b>Advanced Parameters</b>	

**Note:** The **Category Item** must be an active category that contains at least one active article.  
(The position of this module on the demo at [demo.icetheme.com](http://demo.icetheme.com) is *icescroller*)
