Demo Content

The demo for SolarSentinel utilises a large stock of custom code and styling to make the most of every content item and show what SolarSentinel can do. This basically means that the HTML used in the custom modules and content have customisations which employ the characteristics of the template to make the "perfect" content.

This demo content section will take you through some of the content areas and general techniques used to further your understanding and help you realise the true potential of SolarSentinel. If you would like to quickly deploy a replica of our SolarSentinel demo for a new Joomla site, be sure to check out our RocketLauncher package.

Frontpage Leading Article
The following statement produces the leading article on the Frontpage, which is using RokCandy syntax:

[fpleading url="#" img="images/stories/latest1.jpg" label="Full Story" vlabel="Video" vurl="#" title="Obama reverses Bush-era stem cell policy" subheader="Federal funding ban on stem cell research lifted"]Mr Obama signed an executive order in a major reversal of US policy, pledging to "vigourously support" new research.[/fpleading]

Frontpage Sub Article
The following statement produces the sub article on the Frontpage, which is using RokCandy syntax:

[fpsub url="#" img="images/stories/latest2.jpg" label="Full Story" vlabel="Video" vurl="#" title="Drugmakers unite in $41.1 billion deal"]Merck, Schering-Lough deal gives companies more firepower in a competitive industry.[/fpsub]

Media Headlines
The following statement produces the Media Headlines module on the Frontpage, which is using RokCandy syntax:

[inset2 img="images/stories/inset1.jpg" url="#" title="Video" label="More Videos..." icon="video" width="210" /]

[inset2 img="images/stories/inset2.jpg" url="#" title="Photos" label="More Photos..." icon="photo" width="210" /]

Video
The following statement produces the video showcase as seen on Logo Tutorial page, which is using RokCandy syntax:

[video url="images/video/logo.mov" title="RokCandy Video Tutorial" img="images/stories/logo-editing-video.jpg" header="RokCandy Video Tutorial" label="Watch Now!"]Learn how to edit the template logo using Adobe Fireworks.[/video]

Read More Buttons
Read more buttons are automatically generated for content items that use the intro and main text option. However, you can easily insert them manually as witnessed on this demo. Use the following code:

[readon url="insert link here"]Read More...[/readon]

[readon1 url="insert link here"]Read More...[/readon1]
